

Paediatric Consumer Health in Norway

September 2023

Table of Contents

KEY DATA FINDINGS

2023 DEVELOPMENTS

Sales trends in 2023 determined largely by performance at the height of the pandemic
Sales remain relatively low outside of paediatric vitamins and dietary supplements
Demand for paediatric vitamins and dietary supplements supported by informational campaigns

PROSPECTS AND OPPORTUNITIES

Slow growth ahead due to low birth rate and preference for general products
E-Commerce slated for further growth in the distribution of paediatric consumer health
New products likely to be seen as innovation remains crucial to success

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
