

Economy, Finance and Trade: Taiwan

April 2023

Table of Contents

HEADLINES

PROSPECTS

Weak exports set to constrain Taiwan's economic growth
Import policy adjustments help to keep inflation low in Taiwan
Geopolitical tensions to further impede Taiwanese trade
Off-shore wind energy to continue attracting FDI to Taiwan
Rising investment in foreign affairs to aid Taiwan's commercial, diplomatic ties

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
