#### SHOPPING AND SPENDING

#### Shopping and spending

Cost-of-living crisis motivating consumers to find ways to manage their budgets Despite pressure on household budgets consumers want good quality products Consumers seek out personalised and tailored shopping experiences Consumers are becoming more mindful of the impact of their purchasing habits Consumers embrace the circular economy and support brands that share their values Consumers engaging more with companies and brands through social media channels Data privacy is a concern, but technology is key to enhancing the shopper journey Consumers are focusing their attention on spending on essentials and trying to save more Most generations have concerns around their current financial situation Shopping and spending survey highlights

## About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- Strategy Briefings: Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- Company Profiles: Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- Country Reports: For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
