Skin Care in Poland

May 2023

Table of Contents
Skin Care in Poland - Category analysis

KEY DATA FINDINGS

2022 DEVELOPMENTS

Despite its large size, facial care has scope for further innovation
Body care experiences strong growth as consumers appreciate the moisturising properties of these products
Direct selling develops since the pandemic to combine sales via consulting and consumer contact via social media

PROSPECTS AND OPPORTUNITIES

Facial care remains a key driver of skin care with considerable scope for further development
Skin care resistant to inflationary price rises over the forecast period, especially in dermocosmetics
Minimalism trend in packaging prevails in skin care, while dermocosmetics opt for medicinal-looking packaging

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings**: Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles**: Analysis dedicated to the world’s most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports**: For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
