Baby Food Packaging in Poland

September 2026

Table of Contents

KEY DATA FINDINGS

2025 DEVELOPMENTS

Resilient pouch demand defies a falling birth rate as mono-material recyclability advances

INDUSTRY PERFORMANCE

A pouch-led category grows despite demographic headwinds

Recyclability and food-contact rules frame pouch innovation

Glass and value formats diverge at the premium and budget ends

WHAT'S NEXT?

A plateau in volume but a clear premium and recyclable agenda

Working parents, sustainability and safety set the agenda

COUNTRY REPORTS DISCLAIMER

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
