

Soft Drinks Packaging in Singapore

September 2026

Table of Contents

KEY DATA INSIGHTS

2025 DEVELOPMENTS

Volumes return to broad-based growth as metal cans lead and a rescheduled deposit scheme sets the regulatory horizon

INDUSTRY PERFORMANCE

Metal beverage cans lead as total soft drinks packaging volumes return to growth in 2025

Flexible packaging posts the fastest growth from a small base as recycled content and can-led formats advance

The Beverage Container Return Scheme is confirmed for a 2026 start, repricing the economics of PET bottles and cans

WHAT'S NEXT?

Soft drinks packaging volumes set to edge higher to 2029, led by resilient rigid plastic and cans

Strategic priorities: deposit-ready PET and cans, recycled content and reverse-vending compatibility

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
