

Cough, Cold and Allergy (Hay Fever) Remedies in the US

September 2023

Table of Contents

Cough, Cold and Allergy (Hay Fever) Remedies in the US - Category analysis

KEY DATA FINDINGS

2023 DEVELOPMENTS

Continued growth, driven by paediatric cough/cold remedies, and combination products

Growth of private label and generics remains stable, as continuing inflationary price pressure leads to switching

Decline for pharyngeal preparations indicates potential cannibalisation from medicated confectionery

PROSPECTS AND OPPORTUNITIES

Longer allergy season expected over the forecast years

Clean cough, cold and allergy portfolios from Genexa and KinderMed set to rise as the herbal/natural trend continues, especially in paediatric products

Natural preventative immune care remedies and supplements to gain momentum

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/cough-cold-and-allergy-hay-fever-remedies-in-the-us/report.
