Hot Drinks Packaging in Singapore

September 2026

Table of Contents

KEY DATA INSIGHTS

2025 DEVELOPMENTS

Health credentials, heritage branding, and premium drip formats characterise Singapore's hot drinks packaging landscape in 2025

INDUSTRY PERFORMANCE

Flexible packaging maintains majority share as health-focused and nostalgic product launches drive modest growth

Other metal packaging achieves strongest growth as capsule coffee formats expand in urban households

Nutri-Grade labelling and Zero Waste Masterplan create dual regulatory pressure on packaging design

WHAT'S NEXT?

Forecast CAGR of 1% to 2029 reflects a mature and constrained market anchored by convenience-driven formats

Regulatory-compliant mono-material formats and premium single-serve packaging are the strategic priorities

COUNTRY REPORTS DISCLAIMER

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
