Hot Drinks Packaging in the United Arab Emirates

September 2026

Table of Contents

KEY DATA FINDINGS

2025 DEVELOPMENTS

Hot drinks packaging in the United Arab Emirates continues to grow in 2025, driven by premiumisation and single-serve expansion

INDUSTRY PERFORMANCE

Flexible packaging and paper-based containers anchor hot drinks volumes in the UAE in 2025

Rigid plastic records the strongest growth in 2025, driven by other plastic jar expansion for instant coffee

Dubai single-use bag ban and UAE climate legislation reshape hot drinks packaging strategies in 2025

WHAT'S NEXT?

Hot drinks packaging in the UAE forecast to grow at a CAGR of 3% to 2029, led by rigid plastic and metal expansion

Packaging businesses should prioritise aluminium capsule formats and recyclable mono-material solutions for the UAE market

COUNTRY REPORTS DISCLAIMER

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
