

Economy, Finance and Trade: Côte d'Ivoire

March 2023

Table of Contents

HEADLINES

PROSPECTS

Economy in Côte d'Ivoire to see slower growth in the short term

After price hikes in 2022, inflation is projected to decrease over the medium term

Côte d'Ivoire's exports value grew supported by elevated global food prices

Economic growth to continue driving investments in fixed assets

The country ran a budget deficit while public debt-to-GDP ratio grew further

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research

spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
