

Global Inflation Tracker: Q3 2022

September 2022

Table of Contents

INTRODUCTION

Scope

Key findings

GLOBAL OUTLOOK

Supply problems and higher energy prices add to inflation

Commodity price growth eases, but challenges in the energy sector remain

Higher energy costs could accelerate price growth for manufactured goods

Key risks for inflation in 2022 and 2023

Inflation forecasts: Q3 2022

CONSUMER PURCHASING POWER

Rising prices undermine consumer purchasing power

Consumer confidence low amid rising economic uncertainty

Median online price changes indicate consumer price inflation is reaching a peak

Tightening monetary policies to impact consumer purchasing power in the short term

COUNTRY INSIGHTS

US: Inflation peaks as energy price growth stalls

China: Stabilisation of supply chains and weaker B2B demand help to cap inflation growth

France: Energy sector regulations to help cap inflation

Germany: Energy prices cause greatest threat to price stabilisation

Italy: High dependence on gas could accelerate inflation growth

Spain: Rising natural gas prices add to inflation surge

UK: Energy price rises and rising food prices add to inflation

Japan: Weak domestic demand helps to cap price growth, but energy supply risks remain

Brazil: Recovering domestic demand contribute to higher inflation

India: Rising commodity prices and robust demand drive inflation growth

CONCLUSION

Inflationary pressures to remain high

Key country insights

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
