Companies must evolve to stay ahead as they navigate changes in the digital space

PRODUCT DEVELOPMENT: REINVENTING THE WAY WE INVENT

Innovation pipelines in the era of GenAI

New methods of invention: Making headlines, limited editions and flavour sophistication

Meet the beer that made itself: Will alcoholic drinks become self-aware?

"This Is What "Ketchup" Looks Like To A.I." - Heinz reiterates its status as a cultural icon

Storytelling of the future

CUSTOMER SERVICE: THE FUTURE OF DIGITAL ENGAGEMENT

GenAI to leapfrog standard with hyper- personalised service

Balancing privacy and convenience provided by data-driven GenAI

Ant Group introduces GenAI -powered digital wealth management expert

Trip.com harnesses GenAI for trip planning and ranking of best travel services

GE Appliances partners with Google to unveil GenAI -powered recipe recommendation

Potential in hyper-personalisation but breakthrough needed in privacy computing

Leverage GenAI in service with a data-driven and privacy-first personalisation approach

OPERATIONAL EFFICIENCY: UNLOCKING VALUE CREATION

Supply chain operations are the last frontier for GenAI deployment

Competitive threats if businesses fail to adopt GenAI as bold action required

Wayve and Uber partnership - GenAI for real-time self-driving vehicle fleet for last mile

Pendulum: tackles supply chain inefficiencies to meet climate targets

Singapore: Smart city banks on GenAI for its future

Supply chain integration of GenAI to unlock new value potential

CONCLUSION

GenAI holds immense promise, but investing is not without challenges

Recommendations for growth

Evolution of GenAI

Questions we are asking

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
