## Sleep Aids in Ireland - Category analysis

### KEY DATA FINDINGS

#### 2022 DEVELOPMENTS

Easing of pandemic-induced disruption and spike in living costs weaken demand

Sleep aids increasingly challenged by non-pharmaceutical solutions

Leading players face growing threat from cheaper brands and private label lines

#### PROSPECTS AND OPPORTUNITIES

Volume sales of sleep aids expected to increase steadily from 2023

Rising use of alternative products and methods will continue to subdue growth potential

New product development activity likely to remain limited

#### About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
